

FILIP NOGA

I am a student who enjoys discovering new things and strives to find the right path for the future. I'm learning about life, and even though I'm young, I believe I can surprise others with my abilities.

INTERESTS OR HOBBIES

Learning toward my dream profession as a programmer. I'm studying Web Development, both frontend and backend, I'm an active team member, and trying out new things is my passion.

DRIVING LICENSE

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

FREELANCE / ŽILINA, SLOVAK REPUBLIC / OCTOBER 2023 - CURRENTLY

I specialize in developing intuitive and interactive web interfaces based on provided designs. My portfolio includes a diverse range of projects from straightforward WordPress showcase websites like [traftorent.sk](#), to more complex full-stack solutions such as [hrno.sk](#). I build dynamic, responsive user experiences by leveraging modern technologies, including React, TypeScript, Tailwind CSS, Node.js, Azure, and Next.js.

WAITER

CONSTANTINOUS BROS HOTELS / PAPHOS, CYPRUS / MAY 2023 - OCTOBER 2023

I worked as a waiter during Erasmus at a busy bar, where I talked to customers only in English. I took orders, helped with menu choices, and made sure everyone was happy with the service. This job helped me get better at speaking English and working quickly with others when it was busy.

EDUCATION

FACULTY OF MANAGEMENT SCIENCE AND INFORMATICS

Computer Science

University of Žilina / Žilina, Slovak Republic / September 2024 - Currently

SECONDARY VOCATIONAL SCHOOL OF BUSINESS AND SERVICES

Computer network administrator

Námestovo, Slovak Republic / September 2020 - May 2024
